Policy Document on Support to 'Specially Abled'

The college assumes that there is no difference between normal person and 'specially abled'. However, to smoothen the academic and other life of specially abled at par at normal person is not only the responsibility of the college but also its duty toward stakeholders. The college try to assist the 'specially abled' in following ways or by providing following facilities.

1. As per the requirement and demand from specially abled students the college should avail all possible facilities in the college campus.
2. College should facilitated smooth transportation of specially abled students by availing the facilities through NGOs and philanthropists.
3. College should allow scribe in examination if asked by specially abled students with proper application.
4. Preferential treatment should be given to all specially abled students in office related work.
5. Separate sports events or competitions should be organized for specially abled students if demanded by them.
6. College library should avail all required facilities to specially abled students.
7. Teachers and non-teaching staff should adopt supportive and cooperative approach toward specially abled students.
