### **Mechanism for grievances in Internal Examination**

Firstly, any kind of grievance in internal examination is forwarded to Grievance Redressal Cell (GRC). Then the Grievance Redressal Cell conduct their committee meeting to find out the truthfulness of the complaint or the malpractices related to examination. After proper study, they give their final decision to examination committee for further action based on documented evidence.

Examination Committee accept the decision of Grievance Redressal Cell and takes action on it. The above figure shows the mechanism for grievances in internal examination.
